Symposium

## People-centred prevention strategies on OSH

**Tuesday, 5 September 2017, 4:00 pm – 6:00 pm**  
**Room: Roselle Junior (4711)**

In this session, participants will develop a common understanding of people-centred prevention. Working as an expert group, participants will analyse key factors of the new approach to people-centred prevention in OSH. The key factors are derived from practices of good models that will be presented (walk & talk) in the symposium. A personal journey of reflection and a strategic viewpoint will complete the session. On top of this, there will be an award for the most people-centred practice.
