

COLOSH

INTERNATIONAL COLLABORATIVE LEARNING IN OSH

19th Meeting of the Steering Committee of ENETOSH

March 10, 2025, 11:00 – 13:00 (CET)

Venue: MS-Teams

INTRODUCTION OF THE PROJECT

Project Aim

Support the internationalisation, digitalisation and practice-orientation of HE in OSH through the co-development of joint innovative pedagogical approaches to COIL and the sharing of ideas and good practices among interdisciplinary, transnational teams of teachers and wider professional community.

Collaborative Online International Learning (**COIL**)

COIL

Collaborative Online International Learning

Goals

Teacher´s COIL competence → COIL projects → Student´s competence
+ COIL community

Goal 1

Develop core specific competence for COIL design and implementation of the teachers.

Goal 2

Codesign and implement student-centred innovative COIL approaches into OSH study programmes..

Goal 3

Increase OSH professional and intercultural competence of the students.

Goal 4

Develop and reinforce network of teachers and wider professional community for COIL in OSH.

Work packages

WP2

COIL Training

WP3

COIL Toolbox

WP4

COIL Projects

WP5

COIL Community

WP1 Project management

Outputs

WP2: COIL Training

Online COIL course for teachers

Online COIL training workshops for teachers

- Module 1: Internationalisation and curriculum development
- Module 2: Facilitating intercultural learning
- Module 3: COIL design and implementation
- Module 4: Group work and Project-based learning
- Module 5: Digital technologies for COIL

Outputs

WP3: C(O)IL Toolbox

OSH-content teaching tools

- Real workplace videos for risk assessment purposes
- Workplace simulations for risk assessment purposes
- Handbook on risk assessment methods with practical examples
- Case studies on real accidents and work-related diseases

Supportive teaching tools

- Icebreakers
- Ideas for collaborative activities

Micro guides for students

- Research methods
- Project management and leadership
- International learning

Outputs

WP4: C(O)IL Projects

COIL projects

COLOSH summer school

Reciprocal lectures

Outputs

WP5: COIL Network/Community

Online community platform (incl. Informal meetings)

Formal meetings - Professional talks

Updated version of the ENETOSH standard of competence for instructors and trainers in safety and health from 2010

Joint publications in conference proceedings/journals

Multiplier events

Current tasks: Nov 2024 – April 2025

WP2

Online COIL training workshops
for teachers

WP3

Handbook on RA methods
Micro guides: Research methods,
Project management
Icebreakers for teachers

WP4

Reciprocal lectures

WP5

Online community platform
Formal meetings & Profi talks

EVA HAUG WINS AWARD FOR EXPERTISE WITH COIL

The award has been presented during the 2024 EAIE conference in Toulouse, France.

27 Sep 2024 16:10 | Communication

Eva Haug has trained a lot of higher education professionals over the last 4 years in the U!REKA network. We congratulate Eva with this deserved recognition!

Barbora Urvanovska interviewed Eva Haug about winning this award.

MODULE 1

Internationalised curriculum - what is it and why is it important?

WHAT IS INTERNATIONALISATION?

The **intentional** process of integrating an international, intercultural or global dimension into the purpose, functions and delivery of post secondary education, in order to enhance the **quality of education and research for all students and staff**, and to make a **meaningful contribution to society**.

*De Wit & Hunter (2015),
adjusted from Knight (2008)*

MODULE 2

Intercultural Learning

Claudia Buines and Eveke de Louw 2014

NEW NARRATIVE FOR INTERNATIONALISATION: REACHING ALL STUDENTS

From mobility for the few to internationalisation for all

From outputs to outcomes and learning

Need for greener and more inclusive internationalisation
